accountancy sa

celebrating 100 years of publishing excellence

SOUTH AFRICA'S LEADING ACCOUNTANCY JOURNAL provides you with the latest leading edge developments in the accountancy profession and business world.

TECHNICAL features on accounting, auditing and taxation issues keep you up-to-date on relevant technical developments. **FINANCIAL** articles on a variety of financial and business issues will provide you with financial best practice and help maximise your abilities within your chosen financial field. A broad spectrum of articles address business issues identified by our readers; such as financial management, budgeting, management techniques, investments, corporate governance, risk and control management, and information technology. **GENERAL** interesting, practical and thought-provoking columns will regularly look at pertinent issues, such as human resources, personal finance, exchange control, business trends and humour. Regular topical SAICA matters and news are also featured. **INTERNATIONAL** developments affecting the accountancy profession as well as international economic and business trends are covered. Along with articles aimed at accountants in various constituencies, such as commerce & industry and public practice.
